## Have your Special Day captured on Canvas

### How does it Work?

With consultation, Donna designs a painting especially for you.

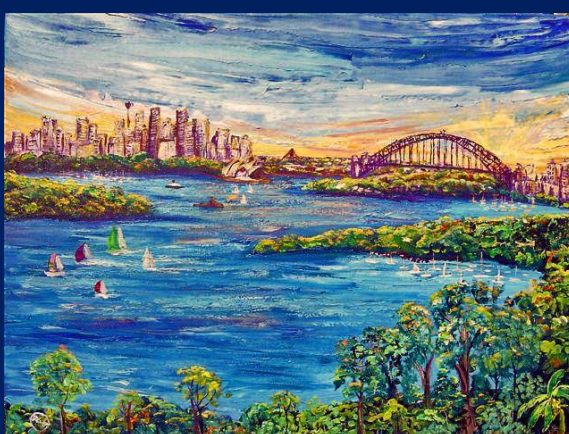

Donna comes to your wedding reception and paints with your guests.

The painting is started at the beginning of your reception. This works well, as usually the Bridal party are having photographs taken, and the guests are left to their own devices.

By having your own Artist in Residence, your guests are able to contribute to the art work, and help capture the atmosphere of your special day on canvas which can be treasured for many years to come. Once your guests have painted, they can then write a special message on the back of the canvas. It is a wonderful way for your family and friends to meet each other over a paintbrush. This is the best way to entertain your guests, as well as provide you with a unique memento from your wedding.

All our guests commented on what a great idea it was and how much they loved it. Thank you for making this happen for us."*

*"Our painting is hanging up in the living room of our apartment here in Hong Kong. It's a lovely reminder of Sydney and our wedding day- it really is our prize possession. Thanks again for creating this for us!"*
